

ISLAND ADVENTURE IV

...The conclusion

(Originally released on the 14th September 2014 on Xbox Live Indie Games)

The grand finale of the Island Adventure point and click adventure series is here!

Will you find a way to get home?

What will happen to the girls?

And what of the creatures?

Part 4 of a 4 part point and click adventure series

Multiple endings dependant on choices made

Game contains - Scary elements, semi nudity, fictional narcotic plant, girl on girl scene

Not suitable for very young children

Includes side by side 3d version (suitable 3d TV/Monitor needed for 3D)

Game can be controlled by game controller or keyboard (No mouse control)

(Has been tested with windows/Xbox controller which must be plugged in / connected before starting application to be recognised)

Keyboard controls are as follows -

Xbox controller	Keyboard alternative
Directional pad	Cursor keys (↑ / ↓ / ← / →)
[A]	X
[B]	D
[X]	A
[Y]	W
[LB]	Left Shift
[LT]	Left Ctrl
[RB]	Right Shift
[RT]	Right Ctrl
[START]	Space
[BACK]	Tab

You can exit the game via 'exit' from main menu, or while in game, press the Windows key to bring up taskbar, then right click on icon and close window

This game is a Windows & DirectX build

After downloading, unzip folder, and run the Application file

(You will need DirectX installed (recommend Microsoft site) if not already installed)

If you get error, can't start because **d3dx9_43.dll** is missing

See - Installing "DirectX End-User Runtimes (June 2010)" PDF for step by step guide
