

WHO'S GONNA GET THE GIRL

(Originally released on the 20th of July 2012 on Xbox Live Indie Games)

In this comedy role playing game you play the part of a young love starved man whose hopes are sparked to life on meeting a beautiful girl!

Will you get to make it up to her apartment?

Will you get to see her exclusive lingerie fashion show?

Will you find love?

Loads of randomly set variables so as game is different every time you play!

3D stereoscopic version included (you will need red/blue glasses to enjoy effect)

Game can be controlled by game controller or keyboard (No mouse control)

(Has been tested with windows/Xbox controller which must be plugged in / connected before starting application to be recognised)

Keyboard controls are as follows -

Xbox controller	Keyboard alternative
Directional pad	Cursor keys (↑ / ↓ / ← / →)
[A]	X
[B]	D
[X]	A
[Y]	W
[LB]	Left Shift
[LT]	Left Ctrl
[RB]	Right Shift
[RT]	Right Ctrl
[START]	Space
[BACK]	Tab

Esc - exit game

This game is a Windows & DirectX build

After downloading, unzip folder, and run the Application file

(You will need DirectX installed (recommend Microsoft site) if not already installed)

If you get an error can't start because **d3dx9_43.dll** is missing

See - Installing "DirectX End-User Runtimes (June 2010)" PDF for step by step guide
